

# How to Stay COVID-19 Free at the WRRF

## SEWAGE IS FILTHY

Good hygiene and PPE protect workers from most infections

## WASH YOUR HANDS WELL

With soap and water for 20 seconds or sanitizer with at least 60% alcohol

## DO NOT TOUCH YOUR FACE

Do not touch eyes, mouth, nose or cuts when handling sewage

## WEAR PROPER PPE

Make sure you wear waterproof gloves and rubber boots

## CLEAN DIRTY SURFACES

Clean frequently touched surfaces with 70% ethanol or 0.5% chlorine

## HAZARD ASSESSMENTS

Consider biological hazards before performing a task

## REMOVE DIRTY CLOTHES

Soiled clothes should be removed before eating or leaving work

## EAT IN CLEAN AREAS

Eat, smoke or chew gum in designated clean areas

## COVER SORES AND CUTS

Use clean, dry bandages to cover cuts, wounds and sores

## WASH HANDS

After handling sewage, before eating, before and after toilet use

## FLUSH EYES WITH WATER

If sewage splashes in your eyes, flush with clean water

## LAUNDRY WITH CHLORINE

Laundry work clothes at the end of the day with 0.05% chlorine
